

# Marion Utilities

# 2020

## Year in Review

**1.2 billion gallons of drinking water treated in 2020**

**22 water main breaks repaired**

**12,253 service orders processed**

- We treated 2.7 billion gallons of wastewater in 2020
- 128,575 feet of sanitary sewer cleaned
- 61,637 feet of sanitary and storm televised for roots
- More than 400 miles of streets swept
- 1,460 tons of street sweeping debris collected
- More than 700 valves tested

### Feet of Pipe Laid in 2020

3,469 new storm sewer

366 new sanitary sewer

11,076 sanitary sewer relined

### Recycling Numbers

Since our new Recycling Center opened in June, we have collected:

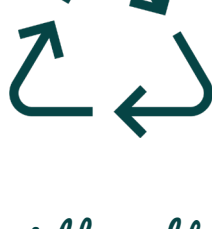

31,180 lbs. of Cardboard

25,229 lbs. of Paper

13,565 lbs. of Plastic

6,697 lbs. of Glass

6,476 lbs. of Metal

That's more than **40 TONS** of material brought in - compared to only 33 tons collected in blue bags in 2019.

**481 tons** of biosolids applied to area farm fields

We gave out **393 tons** of compost and **5,122 tons** of agricultural lime substitute.

In 2020, our wastewater lab was awarded the IWEA Lab Excellence Award (we received the IWEA Wastewater Safety award, too!) We also analyzed 806 public water supply samples for total coliform and E. coli - ensuring drinking water safety in our communities.

**1.5 million kWh** of renewable energy created

Saving us more than **\$124,000**

on our electric bill

### Marion Utilities Stats:

- 180 miles of underground water pipes
- 45 miles of sanitary sewers
- 133 miles of combined sewers
- 3 overhead storage tanks
- 2 booster pump stations
- 1,700 hydrants

### Solid Waste Processed

2016 - 8102 Tons

2017 - 9048 Tons

2018 - 9433 Tons

2019 - 10,081 Tons

2020 - 10,366 Tons

Doing what nature does... only faster!
